Bureau of Waste Prevention – Industrial Wastewater
BWP IW 38 & BWP IW 39
Permit for Industrial Sewer User

W158961
Transmittal Number

451321
Facility ID# (if known)

PERMIT NO. W158961

ATTACHMENT A

SPECIAL CONDITIONS

1. The University of Massachusetts Amherst and the University of Massachusetts Building Authority are authorized to discharge industrial wastewater generated from the Central Heating Plant located at 200 Mullins Way in Amherst, Massachusetts (the “Facility”) to the Town of Amherst sewer system.
2. The University of Massachusetts Amherst (the “Operator”) and the University of Massachusetts Building Authority (the “Owner”) are recognized as joint permit holders (the “Permittees”).

OR

This permit is issued jointly to the University of Massachusetts Amherst and the University of Massachusetts Building Authority (the “Permittees”)

3. This Permit expires five (5) years from the date of issuance. The Permittee shall apply for a renewal of this Permit at least 90 days prior to the expiration date in accordance with 314 CMR 7.09 (3)(b).
4. This Permit is subject to obtaining approval of any other applicable federal, state or local authority that may have jurisdiction.
5. Industrial wastewater discharged from the site shall be in compliance with the EPA General Pretreatment Regulations for Existing and New Sources of Pollution (40 CFR 403) and all Categorical Pretreatment Standards that apply to the Facility, the Town of Amherst’s Sewer Use Ordinance, and any industrial discharge permit or approval issued by the Town of Amherst and the local effluent limitations established therein. The most stringent limitations shall prevail.
6. The Permittees shall conduct all sampling and monitoring in accordance with 40 CFR 136.
7. Concentrated chemicals and hazardous materials/wastes are prohibited from being discharged to the sewer.
8. No person owning, maintaining or using a sewer connection shall discharge or allow the discharge of wastewater through such connection which would result in a hazard to the public health or safety, creating a nuisance, or a violation of the provisions of 314 CMR 7.00 or 12.00.
9. MassDEP reserves the right to make appropriate revisions to this permit if the discharge results in a hazard to public health or safety, or creates a nuisance condition.
